

BRAZILIAN AEROSPACE SYMPOSIUM

27-29 MAY 2014

MEMORIAL AEROESPACIAL BRASILEIRO

SÃO JOSÉ DOS CAMPOS – SP, BRAZIL

The “Brazilian Aerospace Symposium”, hosted and organized by the **Brazilian Aerospace Association** (AAB) will be held during the “AAB Annual Meeting _ Edition 2014” and celebration of its 10 years of existence.

The symposium aims to bring together professionals working in aeronautics and space, to discuss relevant issues in these areas as well as to create an environment for disclosure, presentation and discussion of issues related to aeronautical and space systems, and applications.

In this second edition of the **Brazilian Aerospace Symposium**, technical sessions will be organized for the presentation of technical and scientific papers on topics of relevance to aeronautics and space, including also issues related to management & organization of projects, system engineering and quality.
